

Primary 4 Room 6

What's happening in Room 6!

Important dates

Tuesday
Beat Buddies

Monday
Indoor P.E.

Friday Outdoor
P.E.- Rugby

Conversation starters

Help me to find out about recycling in my home and community.

Ask me about my Poem inspired by my novel.

Help me to practise my times tables every night. Our first focus is on the 3 times table. Can I say it with the facts i.e. $3 \times 5 = 15$ in and out of sequence?

A big welcome back to our new Primary 4s. Our first week back has been very busy indeed! We have been learning all about the new structures and routines that help us in the upper school.

We are managing to move around the upper school very well indeed and have quickly found our way around.

In class, we are working on our social and independence skills. We are applying for jobs within the class so that we can help our teachers and each other.

We are taking part in lots of team activities to work on our team building skills so we are prepared for our P.E.B.L

team challenge starting soon. Look out for more information on Seesaw about our upcoming PEBL topic.

Our class novel for our modelling block is, "The Owl who was afraid of the Dark" and we are revisiting the reading strategies that were introduced in P3 before moving on to new literacy strategies and activities that will really challenge us!

Our Maths and P.E.B.L theme will be explored through the sustainability competition that we are entering.

Please look out for all our great learning on Seesaw. All the new QR codes have been sent home.
