**Welcome back everyone! After what was hopefully an enjoyable and restful summer, the boys and girls are settling in to life in Primary 3. We have had a busy few days as Mr. Reid and the class have been working on establishing class routines and we have already begun to plan our learning for this term.**

**Our Making Maths Memorable theme will be 'The Italian Café', with lots of contextualized learning around this to develop our maths concepts. We will also be learning all about Italy through our PEBL topic.**

**The Literacy programme will continue from P2, with the development of reading and spelling strategies. Our first block of writing this year will be instructional texts.**

**We are looking forward to a wonderful year ahead,**
